

Hello Coaches and Club Administrators,

Thank you for registering for the **2017 Cornucopia Classic**. Though our numbers are a bit low this year we are committed to running a great event. This meet proves to be a great start for young gymnasts that may be competing for the first time or for others to get a great start to a productive season. Below are a few items of importance. Feel free to contact me with any further questions. See you soon!!!

Due to the low numbers, we will be running this meet on one day: **Saturday, November 18**.

Session Times

Session #1 - L3 & XS (53)

7:45 - Doors Open

8:00 - Registration/Stretch

8:30 - March in

Session #2 - L4 & XG (34)

11:30 - Registration/Stretch

12:00 - March in

Session #3 - L5,6,7 (42)

2:30 - Registration/Stretch

3:00 - March in

Non-Olympic Order

ASAP will be using a non-traditional event rotation for this meet. For efficiency and ease of traffic flow, we use the ASAP order of events.

Event Order: Vault-Beam-Bars-Floor. If you have never been to our meet before, this works exceptionally well and you will be thankful we did;)

T-Shirt Contest

Ever year at the beginning of each session we have a "Themed T-shirt Contest". Of course that theme is the Thanksgiving Holiday. Each session is judged separately, so having each level or session group with different ideas is great. Now that you know the session times and who is in each session they can start designing their shirts. Prizes for the winners!

Dance Party

At the conclusion of each session, we have a dance party. We love for all to participate, it's a ton of fun. At the end of session three(after awards), we do our famous MEGA Dance Party. You'll want to stick around for this event. Balloon Drop, Disco Lights, Glow Necklaces & Dancing of course!!! Hope to see you there.

Roster Verification

Attached to this email is a roster of your team as we currently have it in our score system. PLEASE take a good look over the roster. Email me a response regardless if it's correct or not. Send all corrections ASAP! PLEASE check the USAG Club# as well the USAG #'s of your athletes on the roster. I have found some incorrect numbers. Thank you!!

Looking forward to seeing you and your teams,

Barry Mattern
